

PECB Certified ISO 37101 Foundation

Become acquainted with the best practices of management system for sustainable development in communities (MSSDC) based on ISO 37101

Why should you attend?

The ISO PECB Certified ISO 37101 Foundation training course presents the requirements of ISO 37101 for implementing and managing a management system for sustainable development (MSSD) in communities. By participating in this training course, you will be able to understand the different aspects of an MSSD, including: understanding the context of a community, leadership and commitment from those at the top, risk and opportunity management, processes and operational controls, performance evaluation, and continual improvement.

After attending the training course, you can take the exam. If you pass, you can apply for the “PECB Certified ISO 37101 Foundation” credential. An internationally recognized “PECB ISO 37101 Foundation” certificate demonstrates that you understand the fundamental methodologies, requirements, framework, and management approach of ISO 37101 with regard to the implementation of an MSSD.
